

SERVE

YOUR COMMUNITY

IMPACT

The Daniel Carl Torsch Foundation is a community based 501(c)3 nonprofit organization, serving and supporting individuals and their families that are struggling with addiction, homelessness, food insecurity, mental health issues and recovery support services. We are dedicated to offering charitable aid for treatment and recovery for low-income adults, as well as community-based harm reduction services, overdose prevention and response training. We support individuals by meeting them where they are at and meeting their needs. From vital documents, food, clothing, hygiene items, case management and recovery house funding we try to break down any barriers we can.
